3. We support collective bargaining, but also support common-sense pension reforms that will ensure we keep the promises made to 800,000 dedicated public employees while saving taxpayers \$120 billion.
4. While we support collective bargaining rights, the state should have the right to impose legislation on health benefits, like the federal government does.
5. Oppose. We believe this is something that should be determined based on negotiations.
6. Support
7. Support. However given the current economic condition we believe it would be prudent to wait on raising the minimum wage again.

17. We would urge both the Legislature and the Governor to create a taskforce of agencies and experts to help create solutions and recommendations on this important topic. This issue is vital to the welfare of New Jersey's residents. Because of the economic climate too many have been foreclosed no and don't know where to turn for help. We need to fix that. We also support the recently passed "Foreclosure Rescue Fraud Prevention Act."

20. We support the "Millionaires Tax" which taxes those making over \$1 million per year. We would then use those funds for property tax relief.
21. Support, see above answer.

22. Our concern with this legislation is with access to landlines for low-income individuals. We would need to further look at this.
23. Support, but we believe the impact on ratepayers must be taken into account.
