Dear Senator Adler

Congratulations! New Jersey Citizen Action's Political Action Committee is proud to endorse you for election to the U.S. House of Representatives for NJ's Congressional District 3. As you know, New Jersey Citizen Action works to protect and expand the rights of individuals and families, and to insure that government officials respond to the needs of people rather than the interests of those with money and power. We seek to advance a progressive political agenda, through collective action and individual empowerment throughout New Jersey.

As the state's largest independent citizen watchdog coalition, NJCA pays careful attention to the critical national and international issues facing our country. Your responses to our candidate questionnaire showed strong support for the concerns facing our members and the public at-large. We were especially pleased with your support to end the war in Iraq and commitment to reverse the Bush administration's upside down priorities. The PAC was also impressed with your support for affordable quality healthcare, campaign finance reform and commitment to meeting our nation's energy needs.

Your extensive experience in the state legislature and voting record demonstrate the kind of strong leadership and steadfast commitment our members and New Jersey needs in Washington. We will be working to mobilize voters in the district to get to the polls and elect John Adler to Congress on Tuesday, November 4th.

Very truly yours,

Mitch Kahn
